

Global Classrooms — in the —

Calling all K-12 classrooms covering global issues

**The Saskatchewan Council
for International Cooperation
(SCIC) wants to tell the story of
SASKATCHEWAN CLASSROOMS that
are working to create a better
and more sustainable world.**

If your classroom or school club is selected, a video profile will be created about what your class is doing to make a difference. That video will be shown online and throughout the province during International Development Week 2013. Deadline for nominations is December 3, 2012.
